

2020 The Farm Raised Beef Info

Full, half, and quarter sides of beef are available from our farm.

Our current schedule allows us for early Summer Beef availability.

We raise Hereford beef cattle; which are grass fed, and raised without the use of antibiotics and growth hormones/steroids.

All of our meat is USDA inspected, individually packaged and flash frozen.

Large quantities are priced by hanging weight.

Our Farm Raised Beef is \$6.00/lb hanging weight, and all prices includes packaging.

On average, a full cow will dress out around 700lbs and yield nearly 475 lbs of meat, a half side will dress out at 350 lbs and yield nearly 225 lbs of meat, and a quarter side will dress out around 175 lbs, and yield nearly 100lbs of meat.

Please keep in mind this will vary based on the animal.

Cuts will include; but not limited to: NY strip steak, Rib Eye Steak, London Broil, Roasts, Tenderloins, Ground Beef and Hamburger Patties. The butcher will make his cuts as they see fit.

We ask for \$200.00 deposit at the time of reservation.

Please email Amanda at amanda@thefarmwoodbury.com to reserve yours or with any further questions.
